EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering
Babu Banarasi Das University, Lucknow
Expected Graduation: June 2027

SKILLS

Programming: Python, JavaScript, Java
Web Development: HTML, CSS, React.js, Node.js, Express.js
Database: MongoDB, MySQL
API & Security: REST APIs, JWT
Tools: Git, GitHub, VS Code
Soft Skills: Communication, Teamwork, Problem Solving, Leadership

---

Decentralized Voting System

- Developed a blockchain-based voting system for secure and transparent elections.
- Implemented smart contract automation for the voting process.
- **Tech:** Blockchain, Smart Contracts, IoT.

Food Delivery Application

- Developed a responsive food delivery web application.
- Implemented restaurant listings, cart, checkout, and user authentication.
- **Tech:** React.js, HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, REST APIs, JWT.

The Third Eye – Assistive Device for Visually Impaired People

- Designed an assistive device that detects obstacles using ultrasonic sensors.
- Developed the system to improve safe navigation for visually impaired users.

CERTIFICATIONS

- **Data Visualization with Python** — IBM
- **Web Development Basics** — IBM
- **Robots Come Alive: Build IoT Apps with Watson, Swift and Node-RED** — IBM

EXTRACURRICULAR ACTIVITIES

- Participated in **Lawn Tennis** and was selected for the **BBDU Lawn Tennis Team**.
- Actively participated in **Cricket** and college sports activities.
